E-mail: iiccheq@vsnl.com / iiccheq@gmail.com.

Website: www.iicche.org.in

Likely Sponsors : DST, CSIR, INSA, AICTE

PREFACE:

Project Management is the discipline of visualizing, planning implementing and controlling a job involving a set of multidiscipline activities carried out by a team to achieve specified objectives under various constraints. From time immemorial human civilization has developed through establishment of various facilities for the needs of society like, for giving shape dreams of rulers, for fulfilling desire of human race to conquer nature etc. Every development of human society demanded a team work to achieve a certain goal, be it provision of shelter, building palaces, temples, schools, universities, transportation network, manufacturing factories, hospitals, recreational facilities or any other. Behind every such team achievement lies the fundamental of Project Management which became recognized as a scientific management tool a little over 100 years ago.

In the real world of project implementation, no two projects can be identical in all respects. Here comes the role of challenges in project management to meet defined objectives and the need to revisit the subject at regular intervals.

Indian Institute of Chemical Engineers (IICChE) and its associate **Indian Chemical Council (ICC)** identify Project Management as a major exercise for bringing success to Projects and thus industrial development, and therefore, plan to organize a 2 day Seminar entitled “**Project Management –Objectives and Challenges**” in Kolkata on the 7th and 8th July 2017.

IICChE would like to call upon the delegates from Government, industry and academia to make a note of the event and make this event successful by taking part in great numbers.

Through this upcoming event, Indian Institute of Chemical Engineers (IICChE) endeavours to offer a platform for open discussion and experience sharing between Owners, Consultant and EPC Contractors and Managers of Enterprises across a spectrum of industries including Chemical, Petrochemical, Metallurgical and Mining, Infrastructure, Construction & IT industry.

This event is expected to be presided over and graced by senior functionaries of the Central and State Governments.

INAUGURAL SESSION :

Registration 9.00 A.M. Inaugural Programme 9-30 AM

Key Note Speaker: The Key-note address would be delivered by Mr. D.P.Misra, Director, DCPL, Ex Dy. MD- Jacobs Engineering, Ex-Director TCE and past President IICChE.

RESOURCE PERSONS: Eminent personalities from leading industries and Engineering Consulting Organisations are expected to chair the technical sessions or present various topics and share their experiences with the audience in the proposed Seminar. Dignitaries who had confirmed participations as chairperson / speaker, are,

Dr. Narendra Kumar Nanda, *Director (Tech), NMDC Ltd.*

Prof. Sekhar Chaudhuri, *Ex Director IIMC, Director & Chair Professor in Strategic Mgmt. Calcutta Business School.*

Prof. Bodhibrata Nag, *Professor Operation Management Group & Chairperson, Fellow Programme & Research IIM, Calcutta*

Mr. Sanjib Roy, *Director (Projects & Technical), NALCO Ltd.*

Mr. Abhijit Pati, *CEO, Vedanta Aluminium.*

Mr. B. Chattopadhyay, *CEO, IVL Dhunseri Petrochem Industries.*

Mr. Niraj Sethi, *ED (Projects), Engineers India Ltd.*

Mr. Ashok Chattopadhyay, *VP-OSD, Reliance Oil & Gas.*

Mr. Dipankar Chakraborty, *Executive Director, PWC*

Mr. Arabinda Guha, *COO, Tata Projects Ltd.*

Mr. Daniel Verghese, *Chief Executive, Wrench Solutions*

Mr. R. Brahma, *GM Project, NALCO Ltd.*

Speakers are expected from the following renowned Public & Private Sector Organizations :

- | | |
|-------------------------------------|-------------------------------|
| ● Coal India Ltd | ● IOCL |
| ● Haldia Petrochemical Ltd | ● NTPC Ltd |
| ● Amec Foster Wheeler India Pvt Ltd | ● SBI Capital Markets |
| ● MECON Ltd | ● Tata Group |
| ● NMDC Ltd | ● L & T Ltd. |
| ● MCPI | ● Jubilant Life Sciences Ltd. |

In addition, State and Central Government officials will be invited to participate and deliver lectures on the said occasion.

INDIAN INSTITUTE OF CHEMICAL ENGINEERS (IICChE) :

Indian Institute of Chemical engineers is a confluence of professionals from academia, industry and research institutes. It provides them appropriate forum for joint endeavours to work for development of human resources and serve industries through application of chemical engineering and allied sciences in the implementation of industrial projects conforming to the exacting demands of society, industry and economics.

IICChE made its modest beginning in 1947 under the leadership of Dr. Hira Lal Roy, the visionary and founding father of Chemical engineering education and research in India and since then it had traversed a long arduous path. The headquarters of IICChE operates from Kolkata located within the campus of Jadavpur University, where the first facility of chemical engineering in Asia was established in 1921. It derives its strength through an incessant process of learning, not only with the continuous interactions with the leading lights of the academia but also through the exchanges with the luminaries of industries.

INDIAN CHEMICAL COUNCIL (ICC):-

Indian Chemical Council (ICC) is the apex national body representing all branches of the Chemical Industry in India such as Organic & Inorganic Chemicals, Plastics & Petrochemicals & Petroleum Refineries, Dyestuffs & Dye-intermediates, Fertilizers & Pesticides, Specialty Chemicals, Paints etc.

Indian Chemical Council [formerly known as Indian Chemical Manufacturers Association (ICMA)] is dedicated to the growth of the Indian Chemical Industry. Established in 1938 by Acharya P.C. Ray, **ICC** has over the years grown its functions and offerings to cater to the varying needs of the Indian Chemical Industry.

ICC is well represented by senior executives from a wide range of global and local chemical companies. The executive committee of **ICC** includes veterans of the chemical industry with vast experience and keen insight into the workings of the chemical industry in India. Their guidance and vision steers **ICC** to further growth and service.

SEMINAR TOPICS :

Invited lectures broadly on the following topics will be delivered by eminent speakers from Industries and Consultancy organizations over the two days in 6 Technical sessions followed by a Panel discussion on the concluding evening.

- Project Initiation- Owner's vis-à-vis Engineer's/ Contractor's Perspectives
- Execution models
- Selection of Consultant
- Contract Negotiation – Battery limits, Scope, Time of Completion, Defect Liabilities, Performance Guarantees, Penalty
- Project Strategy and Organisation
- Cost Estimate and control
- Basic Engineering, Detailed Engineering, Plant Layout & logistic
- Project Planning & Change Management
- Project Statutory Clearances
- Project Execution and Construction Management
- Pre-Commissioning & Commissioning
- Documentation/ Use of IT & Digital Tools
- Risk Management

KEY BENEFITS :

Industry leaders from Owners, Consultants and EPC Contractors along with Senior Members from Financial Companies, Audit & Advisory consultancy firms and faculty from Leading Business Schools have been invited to speak on the technical sessions on topics covering the whole gamut of Project Life Cycle Management.

Project Managers and budding engineers from industry, faculty and students from academia will be enriched with the knowledge of the cutting edge **Project Management** solutions and practices. The seminar will also offer a platform of close interaction of attendees with senior executives of Indian FMNC and leading PSUs to discuss the issues and challenges faced commonly by Industries in Current Indian environment and their mitigation processes.
