2.0 INSUFFICIENT GROUNDS FOR REJECTION OF NOMINATION PAPERS

Scrutiny of nomination papers is an important quasi-judicial function. Scrutinizing Committee therefore, has to discharge this duty in accordance with the highest judicial standards without allowing any personal or any predilections to interfere with the procedure. It is up to the Scrutinizing Committee to interpret the provisions of the law (the Constitution of IChE and broader expanse of law, in case of any doubt) intelligently and with common sense.

- 2.1 Refrain from rejecting any nomination paper on flimsy ground, which is not of a substantial character. Any mistake or technical/clerical errors or discrepancies should, therefore, be ignored by the Scrutinizing Committee. Such unjustifiable and improper orders of rejection on flimsy/technical/clerical grounds may lead to challenge against the election through election petition.
- 2.2 A nomination paper should be accepted or rejected on merits, taking all the available material into account.
- 2.3 Any such mistakes/errors (as specified in 2.1 above) can and should be directed by the Returning Officer to be set right at the time of the submission of the nomination paper.

3.0 GROUNDS FOR REJECTION OF NOMINATION PAPERS

- 3.1 Scrutinizing Committee must reject a nomination paper of a Member of IChE, if
 - i. the Nomination paper has not been signed by the candidate and/or by the required number of his/her proposer(s), or
 - ii. the Nomination paper has not been endorsed by the Current Chairman or Honorary Secretary of the concerned RC where he/she has served, or
 - iii. the length of service of the Candidate in the EC of his/her RC does not comply with the criteria for filing Nomination as stipulated in the Constitution of IChE , or
 - iv. the length of Membership of the candidate does not comply with the criteria for filing Nomination as stipulated in the Constitution of IChE.
- 3.2 The nomination papers accepted by the Scrutinizing Committee should also be recorded. On the contrary, the Scrutinizing Committee should invariably record the reasons for rejecting a nomination paper. The report of the Scrutinizing Committee (acceptance or rejection) shall be notified to the Candidates as per schedule in the Constitution of IChE.
