AGM of Regional Centres

Some of the Regional Centres (RCs) did not hold the AGM before 25 June as per the Bye-Laws (# 9.1) of the RCs. It was explained that since the Audited Accounts need to be approved in the AGM, the AGM cannot be organized before 31st March.

Accordingly, the Council clarified that the AGM could be organized by the RCs between 31st March and 25th June every year as deemed suitable, considering the local conditions as well as the availability of the Audited Accounts. The RCs should submit the Audited Accounts to the IChE Headquarters, approved in their respective AGM well within 30th June. If any

RC violates this Bye-Law, then the concerned RC would be temporarily suspended till the Audited Accounts are cleared. Suspension of RCs and revocation of suspension should be approved in the the Meeting of the Council.

14.0 Beyond March

As per convention, the Annual Report of the IICChE Headquarters has covered activities of the Institute for the financial year April 2019 – March 2020. However, we deem it would be appropriate to keep our valued Members posted with the information about important activities of the Institute as well as a few major policy decisions, undertaken since the month of March 2020. This is especially significant for the current year because notwithstanding the unprecedented human crisis arising out of Covid-19 and the consequent lockdown in India and other countries, IICChE continued to function spiritedly through virtual mode. As a matter of fact, it has been decided to gradually shift to digital platform altogether for communication between the Institute and its Members.

i. Donation to PM Cares Fund (Covid-19): In order to show solidarity and empathy with the nation during the unprecedented Covid crisis, the IICChE Council Members made a collective contribution of Rs. 1,00,000/- to the PM Cares Fund through the Headquarters. This donation amount was adjusted by the Headquarters from the corpus of travel allowance that the Council Members for the 2020 are entitled to. Additionally, the Northern Regional Centre donated Rs. 10,000,00/-, Trivandrum Regional Centre donated Rs.10,000/- and Pilani Regional Centre donated Rs. 5,000/- to the Fund, which were also routed through the headquarters.

ii. Essay Competition: An online Essay competition was launched for the Student Members of IICChE on the topic 'Role of Chemical Engineers to Combat COVID-19 Pandemic'. The competition was coordinated through the Student Chapters of IICChE. As many as 150 students participated in the competition. The winners were awarded certificate and prize money, i.e., First Prize worth Rs 6000/-, Second Prize worth Rs. 5000/- and Third Prize worth Rs 4000/-, which were sponsored by the President and two Vice-Presidents, IICChE.

iii. OSIP-2020: IICChE embarked on a novel initiative, namely, 'Online Summer Internship Program-2020 (OSIP-2020)' on 23 May 2020. The Internship program continued in batches till 31 July 2020, with Dr. Avijit Ghosh, Hony. Secretary, IICChE as its Convenor. It covered nine subjects, namely, i. Zero Liquid Discharge Management, ii. Six Sigma Training, iii. Chemical Process Technology, iv. Biochemical Process, v. Process Safety Management, vi. Petroleum Refinery Engineering, vii. Petrochemical Engineering, viii. Biochemical and Biomedical Engineering, and, ix. Biochemical Process. The program evoked tremendous response among the students with over 1800 students registering for it. Certificates were issued to the students who had submitted Assignment Report on the completion of the program.

The competent authority on the OSIP-2020 has decided to utilize the total revenue generated out of this training program in the following manner:

Sixty per cent (60%) of the revenue would be used to conduct training programs in future and create facility for a digital conference room at the Headquarters. A separate webpage and IICChE Apps would be created for the training program and certificate course along with provision for online test and certificate printing.

Forty per cent (40%) will be kept in a fix deposit as a corpus fund for similar kinds of training program / certificate course in future, to be conducted by the Headquarters.

iv. Online Voting for RCs: The Council approved a proposal for introduction of online voting system in the Regional Centres by following the same module, used by the Headquarters. Since the latter has been successfully using an online voting system for the last three years, the suggestion was to lend the same module to the Regional Centres in lieu of a fee. This fund would be utilized for the annual maintenance of the online voting system.

v. Publications: A Facebook and a twitter profile have been created for the IICChE journal, *Indian Chemical Engineer (ICE)* under the initiative of Prof. S. Basu, Honorary Editor, *ICE*. The Publication Committee of IICChE has also decided to publish 5 issues of the journal in 2021 and 6 issues from 2022 onwards.

Amidst the Covid-19 crisis, a Special Issue of the IChE E-Newsletter was published containing a list and available contact details of the former IChE Presidents. Messages from a few of the Past Presidents were included as well. Details of the OSIP-2020 along with feedbacks from its Coordinators, Subject Experts and students were also published in the Special Issue.

vi. Meet on Safety Management: An important panel discussion was held digitally under the initiative of the Hyderabad Regional Centre on 'Best Practices of Safety Management in Chemical Industry' on 31 May 2020. Padmashri Prof. G.D. Yadav, Emeritus Professor of Eminence and Former Vice Chancellor, Institute of Chemical Technology, Mumbai graced the occasion as the Chief Guest and the moderator. Prof. V.V. Basava Rao, President, IChE was the Guest of Honour.

vii. Bank A/c Reconciliation: Work on reconciliation of bank accounts at the IChE Headquarters, which has been pending since 2015-16, is underway. This will be followed by final auditing.

viii. HQ Building Renovation: For several years, the IChE Headquarters building has been in a sorry state and in dire need of extensive renovation. Even though piecemeal repair work was undertaken on and off, the extent of damage has been steadily growing, affecting the entire structure. The condition of the building worsened further when Kolkata was ravaged by the super cyclone Amphan in May 2020. Accordingly, a major repairing and renovation work for the Headquarters building was undertaken during September – October 2020, giving it a much-needed facelift.

Initiatives have also been taken to upgrade facilities at the Headquarters for conducting digital (online) conferences. Moreover, the Council has decided to rent out unutilized space at the Headquarters building for academic purposes.

ix. Vizag Gas Leak Mishap: The Council constituted a committee comprising three of its Members, namely, Mr D M Butala, Dr T L Prasad and Dr G S V Ratnam, to study the unfortunate incidence of Styrene Monomer Leak at the LG polymers unit at Visakhapatnam on 7 May 2020 and prepare a technical report. The report would be submitted to the Council for publication in the IChE E-Newsletter.

x. SCHEMCON 2020: In a major deviation from the customary format, due to the Covid-19 pandemic, the 16th Annual Session of Students' CHEMCON (SCHEMCON 2020) was organized by the IChE Headquarters in virtual mode. Traditionally, SCHEMCON is organized by one of the Student Chapters across the country. Around 300 students participated in

SCHEMCON 2020. During the event, the IChE app and the dynamic website of the Institute were also launched.

xi. CHEMCON 2020: For the first time, breaking the convention of over seven decades, CHEMCON 2020 is being organized by the IChE Headquarters jointly with its Hyderabad Regional Centre during 27 – 29 December 2020 through virtual mode. CHEMCON 2020 will include under its umbrella events, such as, the three prestigious Memorial Lectures, Dhirubhai Ambani Commemoration Day, Technical Sessions, Panel discussions, etc.
